A STRANGE SUIT

Brought to Decide Ownership of Bottom of Lake.

The Cedar Point Pleasure Resort company have instituted a suit to permanently enjoin the Buckeye Lake Sand company from operating sand-suckers within half a mile of the shore of the Lake Erie pleasure resort known as Cedar Point.

Plaintiff avers that if the defendant is permitted to continue its operations it will be irreparably damaged, as its bathing beach, advertised as the finest on fresh water, will be rendered dangerous. Local attorneys express the opinion that the suit puts up to the courts the question: "Who owns the sand at the bottom of the lake?"

Croup Cured and a Child's Life Saved

"It affords me great pleasure to add my testimony to that of the thousands who have been benefited by Chamberlain's Cough Remedy. My child, Andrew, when only three years old was taken with a severe attack of croup, and thanks to the prompt use of Chamberlain's Cough Remedy his life was saved and today he is a robust and healthy boy," says Mrs. A. Coy, Jr., of San Antonio, Texas. This remedy has been in use for many years. Thousands of mothers keep it at hand, and it has never been known to fail. For sale by C. P. Champney.

PERRYSBURG BEATEN

By Broadway Athletics by Score of 11 to 0.

Last Sunday the Perrysburg foot ball team and Broadway Athletics met on the local gridiron and put up an interesting game despite the fact that the grounds were soft and muddy which prevented much open play and made long gains impossible.

The visitor line appeared to be somewhat heavier and the Perrysburg line was unable to hold them on the defensive play or make any perceptible gain when carrying the ball and were usually compelled to punt on the third down.

The two touch-downs made by the visitors came in the first half and were made possible by a couple of fluke plays.

The weakest point of the Perrysburg backs seems to be the handling of punts. The most of their practice (that is those who have practiced) has been under the electric lights at night and consequently they have not been able to get much work on this line of play.

The Broadway Athletics are acknowledged to be one of the strongest teams in Toledo and the fact that the home team was only beaten by a score of 11 to 0 shows that the boys put up a remarkably good game considering the time they have been together and the amount of practice they have had. In the open play the home team rather excelled the visitors and made their few attempts at forward passes, almost without exception, dismal failures.

One unfavorable feature of the contest was the inclination of the visitors to engage in "rag-chewing" and rough tactics which they apparently thought constituted part of the game.

Next Sunday the Perrysburg team will play the Fullers of Toledo, another strong aggregation, and with a little more practice the home team should be able to give a good account of themselves.

One lady will be admitted free with each 15-cent paid admission. Come out and see the fun.

PASSING OF A PIONEER

Edward DeVerna of Dunbridge Called to His Reward.

One of Wood county's most enterprising citizens and worthy christian men passed away last Friday, when Edward DeVerna of Dunbridge, answered the call of his Master.

His last illness caused by dropsy, extended over the past two years, but when the hour of dissolution came, he merely closed his eyes and passed away as though in sleep.

The funeral services were held on Monday afternoon, Rev. Smith of Toledo, officiating, and the remains were placed at rest in the Dowling cemetery.

Deceased was born in Westminster in London, and was baptized in the historic Westminster Abbey, Dec. 14, 1829. When twelve years of age his parents crossed the Atlantic and settled at Chatham, Can., where his childhood was spent on a farm. In 1852 he was united in marriage to Miss Eliza Barfoot, and to them eight children were born. In 1857 they came to Hull Prairie, and Mr. DeVerna worked on his uncle's farm for three years, then buying 80 acres of timber land, on which he built himself a cabin. Though experiencing all the hardships known in the early days of the Black Swamp, Mr. DeVerna and his good wife with untiring effort, succeeded in establishing themselves on a splendid farm and continued to add to their possessions until they were among the most prosperous of Wood county farmers.

About 20 years ago Mr. DeVerna left the farm and built a large home in Dunbridge, where he lived surrounded with many luxuries.

Early in the war he enlisted in Co. L, 3d O. V. V. C., and gave valiant service to his adopted country. During his term in the army his faithful wife took care of the children and tilled the farm. The wife and the following children have the sympathy of the entire community in their bereavement: George and Edward, of Wood county; Abraham of Norville, Mich.; Mrs. O. O. Arnold, of Chatham, Ont., Can.; Mrs. Wm. Cloar of Bowling Green, and Mrs. Emma Shubb of Perrysburg township.

When a young man Mr. DeVerna united with the church, and for many years has been one of the loyal supporters of the Presbyterian church at Dunbridge, being an active worker in its several departments. His passing will be keenly felt by all his acquaintances.

BADLY BUMPED

Grand Rapids Youth Knocked Out While Playing Foot Ball.

During a game of foot ball last week between a team of young men of Grand Rapids, Ohio, and a Toledo team, one of the Grand Rapids boys was knocked down and so badly injured that he has been unconscious since the game.

It is feared he may not recover.

Good Cough Medicine for Children and Grown Folks, Too.

"We could hardly do without Chamberlain's Cough Remedy," says Mrs. Flora Despain of Bloyd, Ky. "I found it to be so good for the croup and have used it for years. I can heartily recommend it for coughs, colds and croup in children and grown folks, too." The above shows the implicit confidence that many mothers place in Chamberlain's Cough Remedy, a confidence based on many years' experience in the use of it. No one need hesitate to use this remedy for it contains no chloroform, opium or other narcotics and may be given to a child as confidently as to an adult. For sale by C. P. Champney.

SERIOUSLY INJURED

Walbridge Man Narrowly Escaped Being Killed in Runaway.

A. E. Kuisan, wholesale meat dealer of Walbridge, narrowly escaped death Wednesday evening in a runaway accident.

While driving across the Hocking Valley tracks his horse became frightened and ran away. Mr. Kuisan was thrown out and struck on his head. A large gash was cut in his scalp, and he was unconscious for an hour as a result of concussion of the brain. It was at first feared his skull was fractured.

It is believed he will recover, his condition being much improved. Several stitches were required to close up the wound on his scalp.

What Would You Do?

In case of a burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without leaving a scar. For sale by C. P. Champney.

WHEAT PROSPECTS

Not Small Increase in Acreage Sown over Last Year.

Ohio's wheat area for the 1910 harvest, as estimated by the official correspondents of this department, shows but a small increase over the original area sown for the harvest just past, being reported at 1,721,030 acres, as against 1,711,047 acres last year. The area seeded is such that even though the yield per acre should be far above an average, Ohio can not hope to produce a normal crop. The condition of the growing plant is estimated at 83 per cent compared with an average. Early sown wheat is in a promising condition, but a greater part of the area was seeded late and on many fields the plant is just appearing above ground while reports of its poor condition are general over the state. Cool weather has seriously retarded its growth, and should we have an early winter there is grave danger that the plant will not have attained sufficient strength and growth to withstand its rigors.

The statistics on alfalfa show that the total estimated production this year was 12,134 tons in excess of the crop of 1908. The average number of cuttings and the average production per acre are the same as reported last year.

The area seeded to rye is estimated at 53,269 acres, 91 per cent in comparison with the area seeded for the 1907 harvest.

Corn prospects show an improvement of 3 per cent during the past month, being estimated at 90 per cent compared with an average.

While some correspondents report that the crop is not husking out as well as anticipated, the results generally as to quality and quantity are most satisfactory, and the total production will exceed that of last year.

The total production of potatoes for the state is estimated at 12,371,015 bushels. Compared with last year this is an increase of approximately three million bushels.

BUY A HOME.

Every laboring man should buy himself a town lot, get that paid for, and then work to make the necessary improvements.

A little here and a little there will in due time produce you a home of your own, and place you out of the landlord's grasp. Remember that sixty or one hundred dollars a year saved in rent, will in a few years pay for your home, and the money it costs you to move and shift about, without a loss of furniture and time, will pay interest on a five-hundred dollar mortgage on your property, until you can gradually reduce it to nothing.

Anybody can get a home that way—why will you continue to pay rent? If you fail you are no worse off. If you succeed, as any careful man will do, you have made a home and established a basis equal to another's, which will start you in business.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

TERRIBLY CRUSHED

Glass Plant Employee Badly Injured While at work.

Manfred Farentum, employe of the Edward Ford plate glass works and residing just west of Rossford, was badly injured yesterday afternoon when an iron gate, weighing nearly a thousand pounds, fell upon him. His left leg was fractured in three places, his hand was badly gashed and he was rendered unconscious.

He was taken to a hospital and it is believed he will recover.
